

PUBLIC PARTICIPATION AT BOARD MEETINGS

The Board of Education encourages public participation by District residents on school related matters at Board meetings. To allow for public participation, a period not to exceed 20 minutes shall be set aside during the first part of the Board meeting and at the end of each Board meeting.

Presentations should be as concise as possible. Speakers may comment on any matter related to District business.

The Board will not permit, in public session, discussion involving individual District personnel or students. Persons wishing to discuss matters involving individual District personnel or students should present their comments and/or concerns to the Superintendent during regular business hours.

All speakers are expected to give their name and residence address prior to speaking and to conduct themselves in a civil manner. Obscene language, libelous statements, threats of violence, statements advocating racial, religious, or other forms of prejudice will not be tolerated.

Persons making presentations at a Board meeting will address remarks to the President and may direct questions or comments to Board members or other District officials only upon the approval of the President. Board members and the Superintendent shall have the privilege of asking questions of any person who addresses the Board.

Questions and comments from the public concerning matters which are not on the agenda will be taken under consideration and referred, if necessary, to the Superintendent for appropriate action. Persons wishing to have matters included on the agenda shall contact the Superintendent at least one week prior to the Board meeting in accordance with Policy 2342, Agenda Preparation.

The President shall be responsible for the orderly conduct of the meeting and shall rule on such matters as the time to be allowed for public discussion and the appropriateness of the subject being presented. The President shall have the right to discontinue any presentation which violates this policy.
