

STUDENT PROGRESS REPORTS TO PARENTS

An important aspect of the instructional program of the school is reporting student progress to parents. The goal is to communicate as often as is necessary and as effectively as possible with the parents of each child, and to encourage parents to communicate with the school.

Parents/guardians shall be provided with regular reports on their child's progress. Parents/guardians have 24 hour access to their child's progress through our web based Parent Portal reporting system. Copies of letters sent to parents/guardians relating to a particular situation or problem will be kept in the student's folder.

Each student who receives Title I services will be monitored and evaluated frequently for academic progress. Parents will be informed of their child's progress in the Title I program.

The District's formal reporting system includes report cards and/or forms developed by the professional staff and issued periodically, scheduled conferences between parents and teachers, and interim reports issued as needed or required. Parents are urged to visit the school and to confer with guidance counselors and teachers as deemed necessary.

Staff members are urged to maintain informal contact with parents through telephone calls, notes and e-mails.
