

**LIFE THREAT POLICY**

The District will maintain procedures for dealing with situations where students or employees threaten to take their own lives or to do serious harm to others.

These procedures shall accomplish the following objectives:

1. assure safety of the individual, school and the community;
2. assess the capability of the individual for participation in the program of the school;
3. aid in getting the individual to out-of-school professional services when this need is indicated.
