

2017-2018 School Year
Immunization Requirements for Pre-Kindergarten Students

Dear Parent/Guardian,

May 30, 2017

New York State Law Section 2164 requires certain immunizations (shots) to enter Pre-kindergarten and attend school. Please check with your health care provider as soon as possible to make sure that your child has all the needed immunizations. They are listed below.

Required Immunizations for Pre-Kindergarten

Immunization	Number of Doses
Polio	3
Hepatitis B	3
Diphtheria/Tetanus/Pertussis	4
Measles/Mumps/Rubella	1
Varicella (Chickenpox)	1
Hemophilus Influenzae	1 to 4
Pneumococcal Conjugate	1 to 4

Proof of immunization should be sent to the school nurse where your child will be attending pre-kindergarten.

Proof of immunization must be **any 1 of the 3** items listed below:

- An immunization certificate signed by your health care provider
- Immunization Registry report (NYSIS or CIR from NYC) from your health care provider or your county health department
- A blood test (titer) lab report that proves your child is immune to the diseases

For varicella (chickenpox), a note from your health care provider (MD, NP, PA) which says your child had the disease is also acceptable.
