

CORNING-PAINTED POST
AREA SCHOOL DISTRICT
 Students are the center of all we do.

Michelle Caulfield
Superintendent of Schools

December 1, 2020

CPP Family – We would like to announce a few cohort schedule adjustments for this month, as well as share our procedures and schedules for Snow Days and 2 hour delays as we prepare for the winter season.

SCHEDULE ADJUSTMENTS:

December 4th, 2020

Elementary Change ONLY: December 4th will now be a full day for all Elementary students. Cohort B students will be in-person. Cohort A and C students will be remote.

December 21st and 22nd, 2020

Elementary, Middle and High School Change: ALL Cohort B students will be in-person.

We know that in-person instruction is essential to student success and have been monitoring our Cohort A and B schedules closely. Although we cannot predict closures and will not change schedules week to week, we do see the opportunity to allow our Cohort B students 2 additional days of in-person instruction to help with balance. While we wish we could balance our in-person days across Cohorts perfectly, we also realize that such schedule changes can affect family child care and work schedules. We understand the need for consistency and will honor that while we remain in the hybrid model.

Monday, December 21: Cohort A Remote
Cohort B In-Person
Cohort C Remote

Tuesday, December 22: Cohort A Remote
Cohort B In-Person
Cohort C Remote

INCLEMENT WEATHER UPDATES:

Snow Days

We will have traditional snow days this school year. Students will not join classes remotely on these days.

2-hour Delays

Due to our in-person and remote school models, we are sharing our 2 hour delay schedules for M/T/TH/F and Wednesday. These schedules will be sent via email from your school principals for each level: elementary, middle and high school and will be placed on our school building and district websites.

You will be notified about school closures or delays on our school district website, our social media sites and the School Pointe app. You can also tune in to local radio or T.V. stations for the same information.

If you have any questions, contact your building principal or ask@cppmail.com.

Respectfully,

Michelle Caulfield
 Superintendent of Schools
