

C-PP Reopening

Cohort A/B at Home Screening Process for Days Students Attend School

The Health and Safety of our students is our #1 priority. We need your cooperation with the morning screening procedure. Before your child leaves for school each morning, please fill out the student health screener found on the SchoolPointe Stay Connected App.

Find out How to Download the SchoolPointe App at
www.corningareaschools.com/Content2/110

Access the screening app via our Stay Connected app or at this
web link: <https://www.cppasd.com/prescreen/>

The screening questionnaire includes the following:

- knowingly been in close or proximate contact in the past 14 days with anyone who has tested positive through a diagnostic test for COVID-19 or who has or had symptoms of COVID-19;
- tested positive through a diagnostic test for COVID-19 in the past 14 days;
- has experienced any symptoms of COVID-19, including a temperature of greater than 100.0°F in the past 14 days;
- has traveled internationally or from a state with widespread community transmission of COVID-19 per the New York State Travel Advisory in the past 14 days. More information on the travel advisory can be found at <https://coronavirus.health.ny.gov/covid-19-travel-advisory>

Any student with a fever of 100.0°F or greater and/or a symptom of possible COVID-19 should not be sent to school.

As of 8/13/2020, the CDC lists the most common symptoms of COVID-19 as:

- Fever or chills (100.0°F or greater);
- Cough;
- Shortness of breath or difficulty breathing;
- Fatigue;
- Muscle or body aches;
- Headache;
- New loss of taste or smell;
- Sore throat;
- Congestion or runny nose;
- Nausea or vomiting; and/or
- Diarrhea

Per New York State Department of Health, any sign of one of these symptoms will require three things for a return to school:

1. Written clearance from a doctor
2. Negative COVID Test
3. Resolution of symptoms.

If a family is unable to access the online screener, a paper version of the screener can be completed on a weekly basis for elementary aged students, please contact the school for copies. At the secondary level, students will be asked to complete the screening electronically or on paper, on their own behalf, at school.
